PROFESSOR YOUMIN XI

EXECUTIVE PRESIDENT, XI'AN JIAOTONG-LIVERPOOL UNIVERSITY
PRO-VICE-CHANCELLOR, UNIVERSITY OF LIVERPOOL
PROFESSOR OF MANAGEMENT, XI'AN JIAOTONG UNIVERSITY

Graduation isn't the end of learning – it's the start of making your way in the world. Describing the 19th century, Charles Dickens said: "It was the best of times, it was the worst of times, it was the age of wisdom, it was the age of foolishness." These words still ring true today.

The sheer volume of disruptive technology has turned the world into a digitised, networked and intelligent village. While bringing tremendous benefits to humankind, it has also thrown up increasingly complex and uncertain challenges.

We are lucky to have been born in this era – one that allows us to view ourselves, organisations, society, and humanity from a global perspective. It's also a challenge to have been born in this time – one that pushes us to confront unexpected confusion, experience profound transformation and prepare for difficult decisions and risks ahead.

Studying, training, and growing up at XJTLU gives you a sense of your role as a global citizen and courage to go out into the world. It gives you the foundation from which to welcome new challenges, and the ability to boldly pursue your goals.

PROFESSOR TIM JONES

VICE-CHANCELLOR, UNIVERSITY OF LIVERPOOL

Congratulations to you on your first day as a member of Xi'an Jiaotong-Liverpool University alumni community.

We are very proud of you and hope that you have the opportunity to celebrate your achievements with your family and friends.

We trust that you will look back on your time in Suzhou with fondness and act as ambassadors for the institution as you embark upon the next stage of your journey through life.

Attaining the right degree from the right university is essential if it is to count towards a successful future. Those of you graduating today have done both and I am sure that you will go on to achieve great things in your career.

Although I have only recently started in my role as Vice-Chancellor, I too am an alumnus of the University of Liverpool, having gained both my undergraduate degree and PhD here more than thirty years ago. I am very proud of how Xi'an Jiaotong-Liverpool University has developed and progressed and I look forward to continuing this over the coming years.

Our very best wishes go to all our graduates. I hope you will keep in touch with both XJTLU and the University of Liverpool and let us know if there is anything we can do to help along the way.

Congratulations!

PROFESSOR WENQUAN TAO
 PRESIDENT, XI' AN JIAOTONG-LIVERPOOL UNIVERSITY
 ACADEMICIAN, CHINESE ACADEMY OF SCIENCES
 NATIONAL OUTSTANDING PROFESSOR

Today is a momentous occasion in which to celebrate your achievements. We hope that the fond memories of your time here will always remain with you. Graduation honors not the end of your relationship with us, but the beginning of a new stage in your life. The University is very proud of you! I wish every one of you a bright future as you go forward and enter the next chapter of life.

PROFESSOR STUART PERRIN
 ASSOCIATE PRINCIPAL,
 XJTLU ENTREPRENEUR COLLEGE (TAICANG)

Dear graduands,
 You should be proud of your achievements, which have been made at XJTLU in some unusual and challenging circumstances. It's you who will continuously lead the positive and agile response to the uncertainties and challenges we now face today, showing the same determination and persistence that you have displayed so admirably in the last few years. The future is embracing you, be it further education, employment, or an exciting entrepreneur venture. The future is yours to create, mould, iterate and innovate. Congratulations again!

PROFESSOR QIULING CHAO
 VICE PRESIDENT FOR STUDENT AND INFORMATION AFFAIRS

Regardless of how fast the society changes, you need to maintain a commitment to lifelong learning; to continue to shape your extraordinary temperament, to develop your knowledge base, and to further improve self-management and social responsibility. We look forward to seeing you become a valued citizen with a global competence in the new era.

PROFESSOR FEI MA
 ASSOCIATE VICE PRESIDENT OF RESEARCH AND IMPACT

It is a great pleasure to witness the successful graduation of students from various academic departments. During your time at XJTLU, you have all put many efforts in learning and in earning this degree, you have gained solid knowledge of your discipline and acquired the problem-solving competencies that will serve you well in the future. You are well-prepared to do impressive things. Congratulations on your graduation!

PROFESSOR ZHOULIN RUAN
 VICE PRESIDENT FOR ACADEMIC AFFAIRS (INTERIM)

Warmest congratulations on your graduation! We are very proud of your efforts, talents, accomplishments, as well as your innovative spirit, which will have profound impacts on your future life. Keep connected and we would welcome you back for visits anytime. Wish you much continued success as you move on to future endeavors!

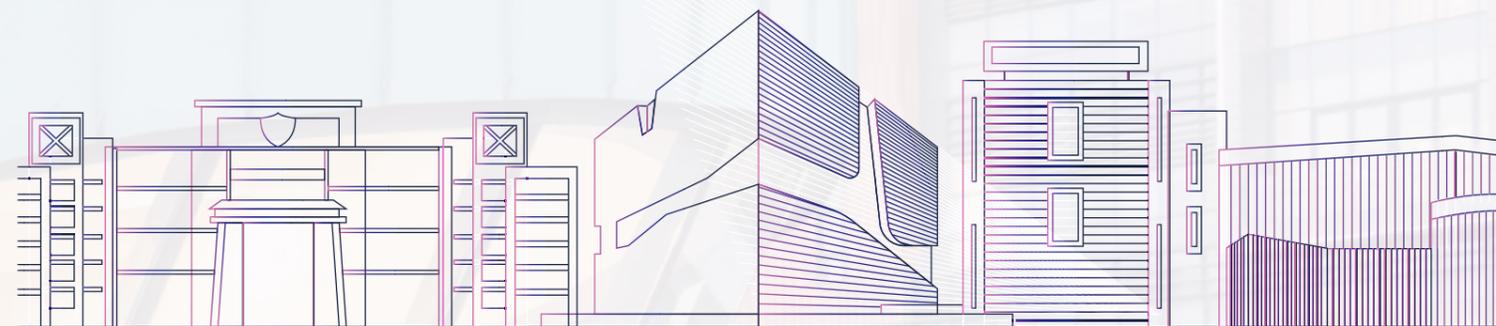

PROFESSOR ADAM CROSS
 ASSOCIATE VICE PRESIDENT OF EDUCATION

Congratulations. As you embark on the next stage of your life journey, I wish you every success in all of your future endeavours. Continue to learn, continue to work hard and persevere no matter what challenges you face, and always strive to make a difference in the world.

DR YIMIN DING
 VICE PRESIDENT FOR ADMINISTRATIVE AFFAIRS

The power of education is not limited to imparting knowledge, it also helps you understand the complexities of life and learn how to navigate through them, perceive the world around you in an objective manner, and find ways to tackle difficulties and challenges. Education isn't about teaching you how to answer questions, rather, it empowers you to discover and solve them. For those of you who are graduating from XJTLU, I encourage you to think outside the box and leave your comfort zone, be open to different viewpoints, think critically, explore uncharted territories, and always chase your dreams.

THE XJTLU GRADUATION CEREMONY

The UK tradition of graduation can be traced back over 800 years. It is an important rite of passage: for the majority of UK students it marks the transition from education to employment, a time of new opportunities and greater responsibilities.

In common with UK tradition, the XJTLU ceremony commences with a procession of senior officers and academic staff. After opening speeches by both the Executive President of XJTLU and the Vice-Chancellor of the University of Liverpool (UoL), each graduands are presented for their degrees. When their names are called, the graduands walk onto stage, where the XJTLU Executive President moves the tassels on their mortarboards from right to left. Afterwards, they are congratulated by the President of XJTLU and corresponding school representatives. At the end of the ceremony, the platform party processes out of the hall, followed by the new graduates.

Academic dress is very important to graduation ceremonies. Academic dress typically consists of a robe, a hood, and a hat with a tassel. At XJTLU, students graduating from bachelor degrees wear square academic hats called 'mortarboards', a traditional UK-style robe and a Chinese-style hood in one of six colours. The colours signify the XJTLU awards which the students receive: pink for Bachelor of Arts; blue for Bachelor of Engineering; gold for Bachelor of Economics; silver-grey for Bachelor of Management; copper for Bachelor of Science; pink for Master of Arts, Blue for Master of Science and red for PhD.

BACKGROUND MUSIC

MASQUE

The procession enters and leaves the hall to 'Masque' composed by Kenneth Hesketh and recorded by the North Texas Wind Symphony. Hesketh was born in 1968 and began composing music whilst a chorister at Liverpool Anglican Cathedral. He was 'Composer in the House' with the Royal Liverpool Philharmonic Orchestra for two years until 2009.

**INTERNATIONAL BUSINESS
SCHOOL SUZHOU**

JORG BLEY, PROFESSOR

DEAN, INTERNATIONAL BUSINESS SCHOOL SUZHOU

Dear Graduates,

Congratulations on the successful completion of your degree programs. The day you have all been looking forward to, has finally arrived. I know it was not easy and you all worked very hard to get here. You successfully met not only academic challenges but adjusted quickly to Covid-19 induced changes to your curriculum, to the mode of delivery of your classes, and to the way you interact with faculty and peers.

Over the course of your program, you have acquired the knowledge and the skill sets you need to succeed in this dynamic and complex economic environment, be it here in China or in the international arena, and you have demonstrated your resilience in the face of adverse conditions.

So, go out into the world and claim your rightful place in society, be it in the corporate world, government organizations, or academia and take comfort in knowing that you have acquired the right tools to succeed. Whether you become an employee or an entrepreneur, it is important to not be afraid of failure. If it occurs, and it will, learn from it, embrace it and move on. In fact, without failure there is no true growth.

As you navigate through life, I urge you to never stop your pursuit of knowledge or be complacent in the face of mediocrity. Above all, never give up on your dreams.

You are now the youngest alumni of XJTLU's IBSS.

Thank you and Congratulations!
