CONGRATULATIONS

PROFESSOR YOUMIN XI

**EXECUTIVE PRESIDENT, XI'AN JIAOTONG-LIVERPOOL UNIVERSITY
PRO-VICE-CHANCELLOR, UNIVERSITY OF LIVERPOOL
PROFESSOR OF MANAGEMENT, XI'AN JIAOTONG UNIVERSITY**

Graduation isn't the end of learning – it's the start of making your way in the world. Describing the 19th century, Charles Dickens said: "It was the best of times, it was the worst of times, it was the age of wisdom, it was the age of foolishness." These words still ring true today.

The sheer volume of disruptive technology has turned the world into a digitised, networked and intelligent village. While bringing tremendous benefits to humankind, it has also thrown up increasingly complex and uncertain challenges.

We are lucky to have been born in this era – one that allows us to view ourselves, organisations, society, and humanity from a global perspective. It's also a challenge to have been born in this time – one that pushes us to confront unexpected confusion, experience profound transformation and prepare for difficult decisions and risks ahead.

Studying, training, and growing up at XJTLU gives you a sense of your role as a global citizen and courage to go out into the world. It gives you the foundation from which to welcome new challenges, and the ability to boldly pursue your goals.

PROFESSOR TIM JONES

VICE-CHANCELLOR, UNIVERSITY OF LIVERPOOL

Congratulations to you on your first day as a member of Xi'an Jiaotong-Liverpool University alumni community.

We are very proud of you and hope that you have the opportunity to celebrate your achievements with your family and friends.

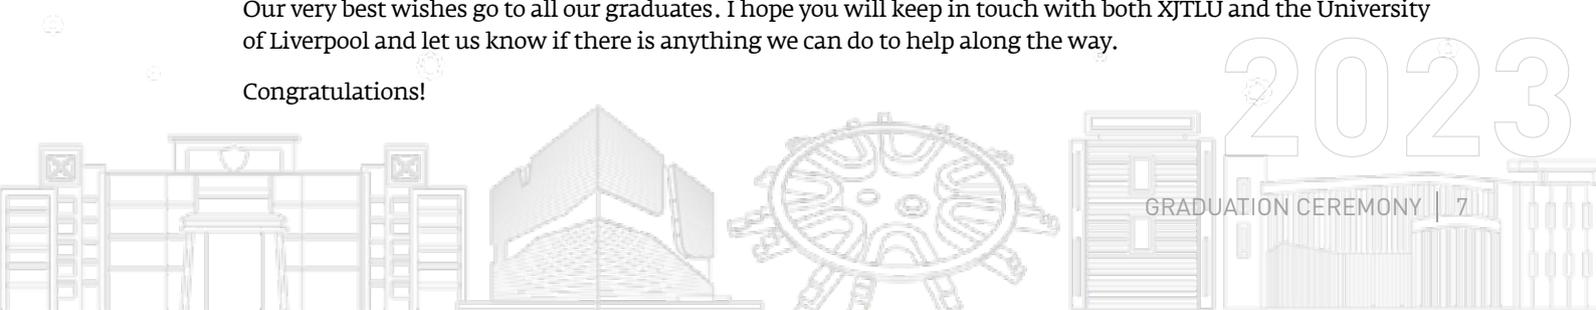

We trust that you will look back on your time in Suzhou with fondness and act as ambassadors for the institution as you embark upon the next stage of your journey through life.

Attaining the right degree from the right university is essential if it is to count towards a successful future. Those of you graduating today have done both and I am sure that you will go on to achieve great things in your career.

I too am an alumnus of the University of Liverpool, having gained both my undergraduate degree and PhD here more than thirty years ago. I am very proud of how Xi'an Jiaotong-Liverpool University has developed and progressed and I look forward to continuing this over the coming years.

Our very best wishes go to all our graduates. I hope you will keep in touch with both XJTLU and the University of Liverpool and let us know if there is anything we can do to help along the way.

Congratulations!

PROFESSOR WENQUAN TAO
PRESIDENT, XI' AN JIAOTONG-LIVERPOOL UNIVERSITY
ACADEMICIAN, CHINESE ACADEMY OF SCIENCES
NATIONAL OUTSTANDING PROFESSOR

Today is a momentous occasion in which to celebrate your achievements. We hope that the fond memories of your time here will always remain with you. Graduation honors not the end of your relationship with us, but the beginning of a new stage in your life. The University is very proud of you! I wish every one of you a bright future as you go forward and enter the next chapter of life.

PROFESSOR QIULING CHAO
VICE PRESIDENT FOR STUDENT AND INFORMATION AFFAIRS

Regardless of how fast the society changes, you need to maintain a commitment to lifelong learning: to continue to shape your extraordinary temperament, to develop your knowledge base, and to further improve self-management and social responsibility. We look forward to seeing you become a valued citizen with a global competence in the new era.

PROFESSOR ZHOULIN RUAN
VICE PRESIDENT FOR ACADEMIC AFFAIRS (INTERIM)

Warmest congratulations on your graduation! We are very proud of your efforts, talents, accomplishments, as well as your innovative spirit, which will have profound impacts on your future life. Keep connected and we would welcome you back for visits anytime. Wish you much continued success as you move on to future endeavors!

DR YIMIN DING
VICE PRESIDENT FOR ADMINISTRATIVE AFFAIRS

The power of education is not limited to imparting knowledge, it also helps you understand the complexities of life and learn how to navigate through them, perceive the world around you in an objective manner, and find ways to tackle difficulties and challenges. Education isn't about teaching you how to answer questions, rather, it empowers you to discover and solve them. For those of you who are graduating from XJTLU, I encourage you to think outside the box and leave your comfort zone, be open to different viewpoints, think critically, explore uncharted territories, and always chase your dreams.

PROFESSOR STUART PERRIN
ASSOCIATE PRINCIPAL,
XJTLU ENTREPRENEUR COLLEGE (TAICANG)

Dear graduands,
 You should be proud of your achievements, which have been made at XJTLU in some unusual and challenging circumstances. It's you who will continuously lead the positive and agile response to the uncertainties and challenges we now face today, showing the same determination and persistence that you have displayed so admirably in the last few years. The future is embracing you, be it further education, employment, or an exciting entrepreneur venture. The future is yours to create, mould, iterate and innovate. Congratulations again!

PROFESSOR FEI MA
ASSOCIATE VICE PRESIDENT OF RESEARCH AND IMPACT

It is a great pleasure to witness the successful graduation of students from various academic departments. During your time at XJTLU, you have all put many efforts in learning and in earning this degree, you have gained solid knowledge of your discipline and acquired the problem-solving competencies that will serve you well in the future. You are well-prepared to do impressive things. Congratulations on your graduation!

PROFESSOR ADAM CROSS
ASSOCIATE VICE PRESIDENT OF EDUCATION

Congratulations. As you embark on the next stage of your life journey, I wish you every success in all of your future endeavours. Continue to learn, continue to work hard and persevere no matter what challenges you face, and always strive to make a difference in the world.

THE XJTLU GRADUATION CEREMONY

The UK tradition of graduation can be traced back over 800 years. It is an important rite of passage: for the majority of UK students it marks the transition from education to employment, a time of new opportunities and greater responsibilities.

In common with UK tradition, the XJTLU ceremony commences with a procession of senior officers and academic staff. After opening speeches by both the Executive President of XJTLU and the Vice-Chancellor of the University of Liverpool (UoL), each graduands are presented for their degrees. When their names are called, the graduands walk onto stage, where the XJTLU Executive President moves the tassels on their mortarboards from right to left. Afterwards, they are congratulated by the President of XJTLU and corresponding school representatives. At the end of the ceremony, the platform party processes out of the hall, followed by the new graduates.

Academic dress is very important to graduation ceremonies. Academic dress typically consists of a robe, a hood, and a hat with a tassel. At XJTLU, students graduating from bachelor degrees wear square academic hats called 'mortarboards', a traditional UK-style robe and a Chinese-style hood in one of six colours. The colours signify the XJTLU awards which the students receive: pink for Bachelor of Arts; blue for Bachelor of Engineering; gold for Bachelor of Economics; silver-grey for Bachelor of Management; copper for Bachelor of Science; pink for Master of Arts, Blue for Master of Science and red for PhD.

BACKGROUND MUSIC

MASQUE

The procession enters and leaves the hall to 'Masque' composed by Kenneth Hesketh and recorded by the North Texas Wind Symphony. Hesketh was born in 1968 and began composing music whilst a chorister at Liverpool Anglican Cathedral. He was 'Composer in the House' with the Royal Liverpool Philharmonic Orchestra for two years until 2009.

XIAOJUN ZHANG, SENIOR ASSOCIATE PROFESSOR

EXECUTIVE DEAN, ACADEMY OF FUTURE EDUCATION

At this moment, I would like to sincerely congratulate all the students on completing your study journey at Xi'an Jiaotong-Liverpool University and setting foot on the next wonderful journey.

The core value of education is to help everyone to know themselves, to discover themselves, and to clarify their own direction and pursuit.

As an XJTUer, I believe that you are now more confident in yourself and have a clearer idea of what you are going to do than you were many years ago.

I sincerely wish you all the best in your future life journey and encourage you to pursue your goals with confidence, undertake your social responsibilities, and make the world a better place because of us.

SCHOOL OF HUMANITIES AND SOCIAL SCIENCES

BEIBEI TANG, PROFESSOR

DEAN, SCHOOL OF HUMANITIES AND SOCIAL SCIENCES

Warm congratulations to the 2023 graduating students of School of Humanities and Social Sciences! Congratulations to you who have graduated in the third year of the establishment of School! In the past three years, you and the School stood together to fight the challenges brought by the pandemic. Your determination and achievement during this difficult time have made us very proud. Growing together with the School, you have made significant achievements in bringing together knowledge and understandings of linguistics, media and communication, international studies and China studies. We hope the years you spent at the School and the University have well prepared you for your future endeavors. We have been, we are, and we will be proud of the graduates of our School of Humanities and Sciences. The School wishes all of you the very best for your future study and career!

2023 GRADUATES

INTERNATIONAL BUSINESS SCHOOL SUZHOU

JORG BLEY, PROFESSOR

DEAN, INTERNATIONAL BUSINESS SCHOOL SUZHOU

Dear Graduates,

Congratulations on the successful completion of your degree programs. The day you have all been looking forward to, has finally arrived. I know it was not easy and you all worked very hard to get here. You successfully met not only academic challenges but adjusted quickly to Covid-19 induced changes to your curriculum, to the mode of delivery of your classes, and to the way you interact with faculty and peers.

Over the course of your program, you have acquired the knowledge and the skill sets you need to succeed in this dynamic and complex economic environment, be it here in China or in the international arena, and you have demonstrated your resilience in the face of adverse conditions.

So, go out into the world and claim your rightful place in society, be it in the corporate world, government organizations, or academia and take comfort in knowing that you have acquired the right tools to succeed. Whether you become an employee or an entrepreneur, it is important to not be afraid of failure. If it occurs, and it will, learn from it, embrace it and move on. In fact, without failure there is no true growth.

As you navigate through life, I urge you to never stop your pursuit of knowledge or be complacent in the face of mediocrity. Above all, never give up on your dreams.

You are now the youngest alumni of XJTLU's IBSS.

Thank you and Congratulations!

SCHOOL OF ADVANCED TECHNOLOGY

ENG GEE LIM, PROFESSOR

DEAN, SCHOOL OF ADVANCED TECHNOLOGY

Congratulations to all of our graduates from the School of Advanced Technology! We are all extremely proud of your academic achievements, and more importantly, your growth from young persons into extraordinary global citizens with cross-cultural leadership skills. Today is not only a remarkable moment for recognizing your consistent efforts during your study at XJTLU, but also a starting point to steer your own journey in pursuit of your dreams. Our expectations for you is to take the technological knowledge and skills you have attained as an impulse to drive unprecedented future transformations to our way of life, harnessing new industries and opportunities offered by the AI and robotics revolution, and creating profound new values for society; the future is led by you. We wish you every success in your future endeavors and remember, no matter where you go, you will always be welcomed by us, your XJTLU family.

ANGELOS STEFANIDIS, PROFESSOR

DEAN, SCHOOL OF AI AND ADVANCED COMPUTING

Dear Students,

Congratulations on your remarkable achievement of graduating from the School of AI and Advanced Computing, Entrepreneur College (Taicang). This momentous occasion marks the culmination of years of hard work, dedication, and perseverance. With immense pride and joy, as Dean of the School of AI and Advanced Computing, I extend our warmest congratulations to you on this significant milestone.

Your graduation represents more than just the completion of a programme. It symbolises your unwavering commitment to personal growth, the pursuit of knowledge, and the pursuit of excellence. Throughout your academic journey, you have demonstrated resilience, determination, and a thirst for learning, which have undoubtedly played a vital role in your success.

As you step out into the world armed with your well-earned degree, remember that you possess a unique set of skills, knowledge, and experiences that have equipped you for the challenges and opportunities that lie ahead. Your time at the School of AI and Advanced Computing, Entrepreneur College (Taicang), has not only imparted valuable academic knowledge but has also nurtured critical thinking, problem-solving abilities, and the capacity to adapt to an ever-changing landscape.

We commend you for your academic accomplishments and the personal growth you have achieved during your time at the university. You have cultivated lasting friendships, forged meaningful connections with faculty members, and contributed to the vibrant spirit of the university community.

As you embark on the next chapter of your journey, we encourage you to confidently embrace new challenges, pursue your passions wholeheartedly, and continue to learn and grow. Remember that your education is a lifelong endeavour, and your acquired skills will continue to serve you well in all aspects of life.

On behalf of the School of AI and Advanced Computing, Entrepreneur College (Taicang), we extend our heartfelt congratulations once again. May this graduation be the beginning of a fulfilling and prosperous future filled with opportunities, success, and personal fulfilment. Embrace the possibilities, chase your dreams, and make a positive difference in the world.

Take care!

XJTLU ALUMNI ASSOCIATION

As time goes by, here comes the graduation season! It's time to say goodbye and walk down a new path in life. Although our XJTLU days are not so perfect, we still have no regrets. XJTLU Alumni Association is always here to provide the support and assistance to graduates during your working life, which will build a communication bridge between XJTLU and the alumni.

The XJTLU Alumni Association was founded as a global non-profit organization in August 2010. Our members mainly consist of XJTLU graduates, and with their help, sub-groups have been established in various regions, including Beijing, Shanghai, Hong Kong, the UK, and Australia. Here at the Alumni Association, we are dedicated to connecting graduates with XJTLU and numerous external resources, providing services that include, but are not limited to, career insights, further study opportunities, and alumni networking.

Services & Support

Life-long Alumni Account

Graduates of XJTLU will automatically obtain a permanent alumni account that comes with a personal email address. The alumni account grants you access to various resources, including the Alumni WeChat mini program, LearningMall (formerly ICE), e-Bridge, the Career Development Centre, the Library, and a special bonus of connecting to on-campus Wi-Fi.

Alumni Mini program

Now, with the 'XJTLUer' mini program, you can access numerous exclusive alumni activities, including joining WeChat groups, networking, applying for an alternative alumni card, and staying updated on XJTLU news. Additionally, you can earn free points on this platform for merchandise and souvenirs by simply updating your job, education, and personal information on our mini program. Within this mini program, you can:

- Check and sign up for current and upcoming activities.
- Socialize and network with other alumni.
- Join WeChat groups that cater to your specific needs.
- Earn merchandise and souvenirs with your accumulated points.

'XJTLUer' mini program

LIBRARY SERVICE

You can access the library just as you used to with your alumni card. However, please note that the university has implemented a regulation stating that the alumni card is valid for one year. If your card has expired, you can reactivate it by providing identification information at the front desk on the 3rd floor of the library. If you need to contact the library for further inquiries, you can reach them at +86 (0) 512 8816 1290/1291 or visit their website at <https://lib.xjtlu.edu.cn/>.

Alumni Card

The alumni card retains most of the functionalities of your original student ID card. Please keep it in good condition as it symbolizes your journey here at XJTU.

Career Development

Any alumni within 5 years of graduation can avail themselves of a free one-on-one career consultation, provided and customized by the XJTU Career Development Centre. This service can assist you with resume and CV writing, job applications, and provide suggestions for interviews. We also offer updated job information and entrepreneurial consultations.

Scholarships

Undergraduate students can receive a discount on their postgraduate studies. For more information, please visit the XJTU official website.

"Journey to Further Study" Project

"Journey to Further Study" is a public welfare project organized by the XJTU Alumni Association for Y4 XJTU students who are going to finish further study. Through the establishment of WeChat groups, such as XJTUer at Imperial College London, XJTUer in the US and XJTUer x Art & Design, we provide a public platform for XJTU students to keep in touch, share local information and exchange academic or job search information.

If you are going to continue further study this year, please add XJTU alumni assistant's WeChat to apply to join the interesting project!

Feedback to XJTU

- Become an external mentor: The external mentor is one of the four unique mentorship systems at XJTU, aimed at assisting students in their career and industry guidance.
- Promoting school-enterprise cooperation: The university and alumni-owned enterprises emphasize establishing a win-win cooperation model through information sharing. XJTU warmly welcomes outstanding domestic and international employers to engage in various forms of communication and collaboration with our university.

PLEASE SCAN THE QR CODE BELOW OR ENTER XJTLU ALUMNI WECHAT MINI PROGRAM TO GET DETAILED INFORMATION OF ALUMNI'S BENEFITS.
