JUSTIFICATION / 为什么选择我们

Opportunities to expose students to Spanish in places like Suzhou (or China, in general) are often scarce beyond the classroom. Consequently, several second language acquisition theories and models confirm issues in a context where exposure to the target language outside the classroom is low.

In countries like the United States of America, there is a tradition of language programs that offer immersive learning contexts that significantly increase students' proficiency in a location where Spanish is not the native language of the general population. However, in China, few programs have the same characteristics and tradition. To provide our students with more opportunities to be exposed to the Spanish language and its cultures, the Spanish Division at Xi'an Jiaotong-Liverpool University has put in place the Spanish Immersion Summer School in Suzhou. This program follows the principal traits of this immersive learning and teaching philosophy but is adapted to Chinese peculiarities and tradition.

在苏州乃至全中国，学生在课堂之外接触到西班牙语的机会通常很少。根据许多第二语言习得理论和模型，在课堂之外接触目标语言较少的环境中学习语言是存在一定问题的。

在美国等国家，有一种通行的语言课程，即为西班牙语并非主要母语的地区提供沉浸式学习环境，能够大大提高学生的熟练程度。然而在中国很少有类似的项目。为了让我们的学生有更多机会接触到西班牙语及其文化，西交利物浦大学西班牙语部门在苏州设立了西班牙语沉浸式暑期学校。这个项目遵循沉浸式学习和主要教学理念，但更加适合中国的特点和传统。

APPROACH / 教学理念

At XJTLU Spanish Immersion Summer School, we have adopted an approach that incorporates Chinese expectations and learning beliefs into an immersive experience where learning occurs in real and meaningful communicative settings. Our learning sessions don't follow a traditional approach focused only on language structures, nor a natural approach that focuses exclusively on content and ignores the study of grammar. Instead, we have created an integrative-dynamic immersion environment in which students' daily schedules begin with a more-traditional language class, and transition progressively to less-controlled immersive settings to promote Spanish language use and acquisition in meaningful and authentic communicative situations. These sequences, along with cultural knowledge, are not isolated but instead always embedded in relevant cultural contexts. For instance, the daily cultural content that frames the learning sessions is built around a specific Spanish-speaking country or community.

在西交利物浦大学西班牙语沉浸式暑期学校，我们将中国本土学生对待学习的看法和理念与真实语境中的沉浸式体验相融合。我们的课程既不是传统方法中的只关注语法结构，也不是只关注内容而忽略语法的自然学习法，而是创建了一个动态结合的沉浸式环境，学生的日常课程从更传统的语言课开始，逐渐过渡到更自由的沉浸式环境，以促进西班牙语在真实沟通情境中的使用和习得。每一步及其包含的文化知识并不是孤立的，而是始终嵌入在相关的文化背景中的。例如，每日的课程中，文化知识框架都是基于一个特定的西语母语国家或地区搭建的。
