PROFESSOR YOUMIN XI

EXECUTIVE PRESIDENT, XI'AN JIAOTONG-LIVERPOOL UNIVERSITY
PRO-VICE-CHANCELLOR, UNIVERSITY OF LIVERPOOL
PROFESSOR OF MANAGEMENT, XI'AN JIAOTONG UNIVERSITY

Graduation isn't the end of learning – it's the start of making your way in the world. Describing the 19th century, Charles Dickens said: "It was the best of times, it was the worst of times, it was the age of wisdom, it was the age of foolishness." These words still ring true today.

The sheer volume of disruptive technology has turned the world into a digitised, networked and intelligent village. While bringing tremendous benefits to humankind, it has also thrown up increasingly complex and uncertain challenges.

We are lucky to have been born in this era – one that allows us to view ourselves, organisations, society, and humanity from a global perspective. It's also a challenge to have been born in this time – one that pushes us to confront unexpected confusion, experience profound transformation and prepare for difficult decisions and risks ahead.

Studying, training, and growing up at XJTLU gives you a sense of your role as a global citizen and courage to go out into the world. It gives you the foundation from which to welcome new challenges, and the ability to boldly pursue your goals.

PROFESSOR TIM JONES

VICE-CHANCELLOR, UNIVERSITY OF LIVERPOOL

Congratulations to you on your first day as a member of Xi'an Jiaotong-Liverpool University alumni community.

We are very proud of you and hope that you have the opportunity to celebrate your achievements with your family and friends.

We trust that you will look back on your time in Suzhou with fondness and act as ambassadors for the institution as you embark upon the next stage of your journey through life.

Attaining the right degree from the right university is essential if it is to count towards a successful future. Those of you graduating today have done both and I am sure that you will go on to achieve great things in your career.

I too am an alumnus of the University of Liverpool, having gained both my undergraduate degree and PhD here more than thirty years ago. I am very proud of how Xi'an Jiaotong-Liverpool University has developed and progressed and I look forward to continuing this over the coming years.

Our very best wishes go to all our graduates. I hope you will keep in touch with both XJTLU and the University of Liverpool and let us know if there is anything we can do to help along the way.

Congratulations!

THE XJTLU GRADUATION CEREMONY

The UK tradition of graduation can be traced back over 800 years. It is an important rite of passage: for the majority of UK students it marks the transition from education to employment, a time of new opportunities and greater responsibilities.

In common with UK tradition, the XJTLU ceremony commences with a procession of senior officers and academic staff. After opening speeches by both the Executive President of XJTLU and the Vice-Chancellor of the University of Liverpool (UoL), graduands are presented for their degrees. When their names are called, the graduands walk onto stage, where the XJTLU Executive President moves the tassels on their mortarboards from right to left. Afterwards, they are congratulated by the President of XJTLU and corresponding school representatives. At the end of the ceremony, the platform party processes out of the hall, followed by the new graduates.

Academic dress is very important to graduation ceremonies. Academic dress typically consists of a robe, a hood, and a hat with a tassel. At XJTLU, students graduating from bachelor degrees wear square academic hats called 'mortarboards', a traditional UK-style robe and a Chinese-style hood in one of six colours. The colours signify the XJTLU awards which the students receive: pink for Bachelor of Arts; blue for Bachelor of Engineering; gold for Bachelor of Economics; silver-grey for Bachelor of Management; copper for Bachelor of Science; pink for Master of Arts, Blue for Master of Science and red for PhD.

BACKGROUND MUSIC

MASQUE

The procession enters and leaves the hall to 'Masque' composed by Kenneth Hesketh and recorded by the North Texas Wind Symphony. Hesketh was born in 1968 and began composing music whilst a chorister at Liverpool Anglican Cathedral. He was 'Composer in the House' with the Royal Liverpool Philharmonic Orchestra for two years until 2009.

2024 GRADUATES

INTERNATIONAL BUSINESS
SCHOOL SUZHOU

JORG BLEY, PROFESSOR

DEAN, INTERNATIONAL BUSINESS SCHOOL SUZHOU

Dear Members of the IBSS Class of 2024,

You made it!

The day you have all been looking forward to, has finally arrived. The day of your graduation.

It is hard to believe that after the countless hours of learning and studying in and outside the classroom, the all-nighters you pulled before exams, the range of group work and presentations, the research projects you conducted, the FYPs or dissertations you drafted, and the many assessments you took, this part of your academic journey is over.

You have gained a tremendous amount of factual knowledge, developed important soft skills, and formed an awareness of social responsibility. As a result, you have become independent and self-motivated critical thinkers with an open mind and international perspective. Trust in what you have learned and be proud of the person you have become. I am confident that you are ready to take your place in society, be it in the corporate world, academia, or government organizations.

As the world around us is evolving at an ever-increasing pace, life-long learning is no longer a theoretical concept, but the key to your professional success and continuing personal growth. Many of you will take on jobs in the not-so-distant future, that don't even exist today, requiring a frequent update of your existing and the acquisition of new skills. As XJTU becomes your alma mater, IBSS will remain your educational partner in this dynamic and complex economic environment.

Whether you become an employee or an entrepreneur, it is important not to be afraid of failure. If it occurs, and it will, learn from it, embrace it and move on. In fact, without failure there is no true growth.

As you navigate through life, I urge you to never stop your pursuit of knowledge or be complacent in the face of mediocrity. Above all, never give up on your dreams.

You are now the youngest alumni of XJTU's IBSS.

Congratulations. Well done!
