## PROFESSOR WENQUAN TAO

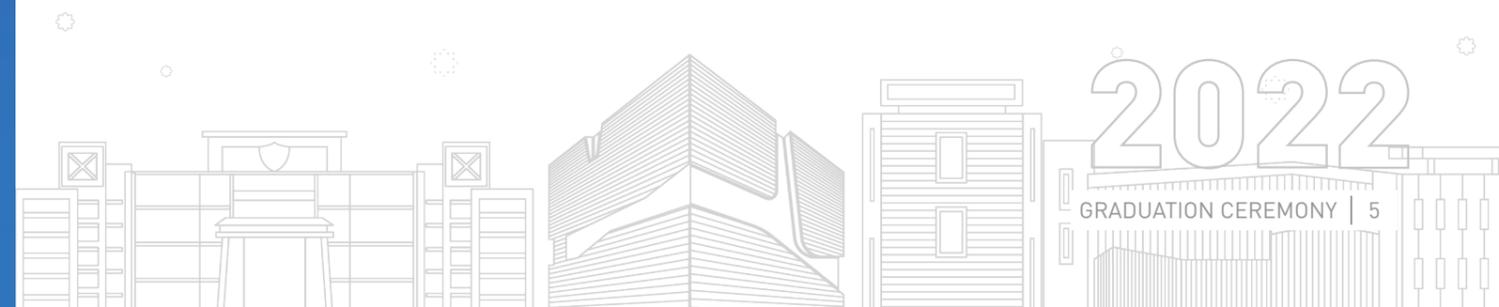

PRESIDENT, XI'AN JIAOTONG-LIVERPOOL UNIVERSITY  
ACADEMICIAN, CHINESE ACADEMY OF SCIENCES  
NATIONAL OUTSTANDING PROFESSOR

Today is a momentous occasion in which to celebrate your achievements – I warmly welcome you all to the Xi'an Jiaotong-Liverpool University degree congregation.

During the ceremony, please consider the tremendous effort you have devoted to your studies in order to attain your world-class degree. The University recognizes how much all of you have grown both academically and individually these past four years. Please continue to build on the knowledge, skills and values you have developed at XJTLU.

We hope that the fond memories of your time here will always remain with you. Graduation honors not the end of your relationship with us, but the beginning of a new stage in your life.

Finally, I would like to congratulate our graduates on their excellent achievements. The University is very proud of you! I wish every one of you a bright future as you go forward and enter the next chapter of life.

## PROFESSOR YOUMIN XI

EXECUTIVE PRESIDENT, XI'AN JIAOTONG-LIVERPOOL UNIVERSITY  
PRO-VICE-CHANCELLOR, UNIVERSITY OF LIVERPOOL  
PROFESSOR OF MANAGEMENT, XI'AN JIAOTONG UNIVERSITY

Graduation isn't the end of learning – it's the start of making your way in the world. Describing the 19th century, Charles Dickens said: "It was the best of times, it was the worst of times, it was the age of wisdom, it was the age of foolishness." These words still ring true today.

The sheer volume of disruptive technology has turned the world into a digitised, networked and intelligent village. While bringing tremendous benefits to humankind, it has also thrown up increasingly complex and uncertain challenges. The spread of the Covid-19 epidemic across the globe has alerted us to modern society's vulnerability and compelled us to upgrade our mindset and improve our abilities.

We are lucky to have been born in this era – one that allows us to view ourselves, organisations, society, and humanity from a global perspective. It's also a challenge to have been born in this time – one that pushes us to confront unexpected confusion, experience profound transformation and prepare for difficult decisions and risks ahead.

Studying, training, and growing up at XJTLU gives you a sense of your role as a global citizen and courage to go out into the world. It gives you the foundation from which to welcome new challenges, and the ability to boldly pursue your goals.

## PROFESSOR DAME JANET BEER

VICE-CHANCELLOR, UNIVERSITY OF LIVERPOOL

Congratulations to you on your first day as a member of Xi'an Jiaotong-Liverpool University alumni community.

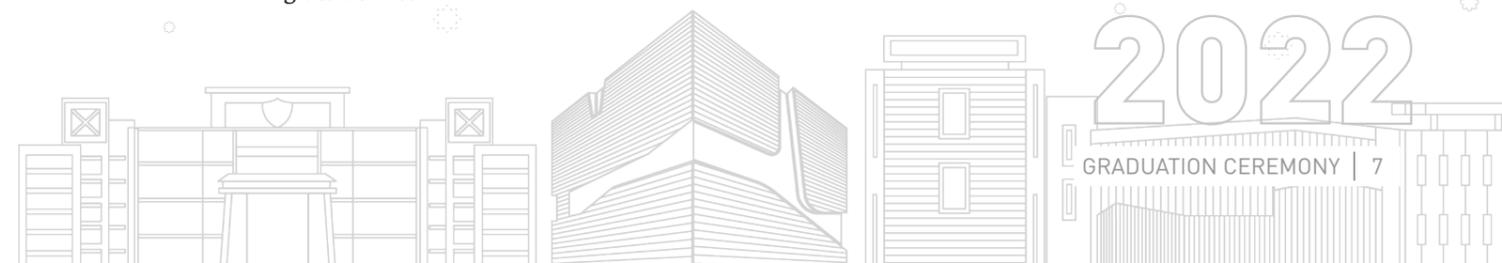

We are very proud of you and hope that you have the opportunity to celebrate your achievements with your family and friends.

We trust that you will look back on your time in Suzhou with fondness and act as ambassadors for the institution as you embark upon the next stage of your journey through life.

Attaining the right degree from the right university is essential if it is to count towards a successful future. Those of you graduating today have done both and I am sure that you will go on to achieve great things in your career.

Our very best wishes go to all our graduates. I hope you will keep in touch with both XJTLU and the University of Liverpool and let us know if there is anything we can do to help along the way.

Congratulations!

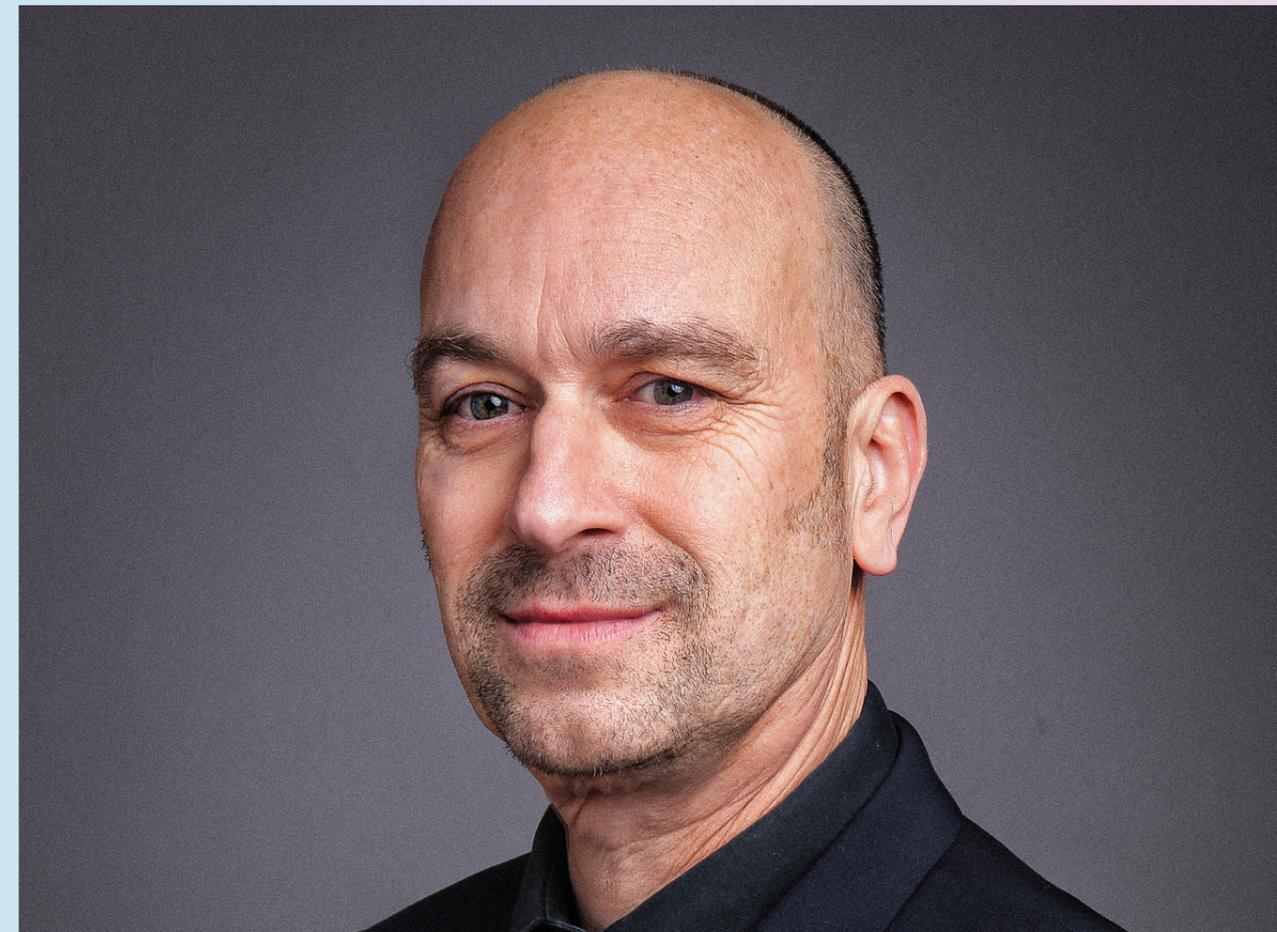

## PROFESSOR CHRIS HARRIS

VICE PRESIDENT ACADEMIC AFFAIRS

Graduation celebrations for 2022 have arrived. Your achievements have given you positive choices about the life you will lead and the contributions you will make to the world's interconnected societies. Laozi says: with the greatest leader above them, people barely know that leader exists. Today you are no longer an apprentice: 师父领进门，修行在个人。 Academic staff have opened doors, now you must cross life's thresholds yourself as a new leader. At XJTLU we applaud you, we admire you, and we are proud that you have already become a multilingual global graduate. Congratulations!

## PROFESSOR STUART PERRIN

ASSOCIATE PRINCIPAL, XJTLU ENTREPRENEUR COLLEGE (TAICANG)

Dear graduands, today marks the next stage of your life. Congratulations on your achievements so far, which are reflected in today's ceremony and what will mean for the future.

You should be proud of your achievements, which have been made in some unusual circumstances. It's graduands such as you who will lead the response to the challenges we now face today, showing the same determination that you have displayed so admirably in the last few months. But don't rest on your laurels. Graduating is only but one step in our journey of life. The future awaits you, be it further education, or an exciting entrepreneur venture. The future is yours to create and mould.

As you go forward, reflect on your time at XJTLU and what has made this so special for you, and use it to guide you as you move towards creating and being part of tomorrow's world.

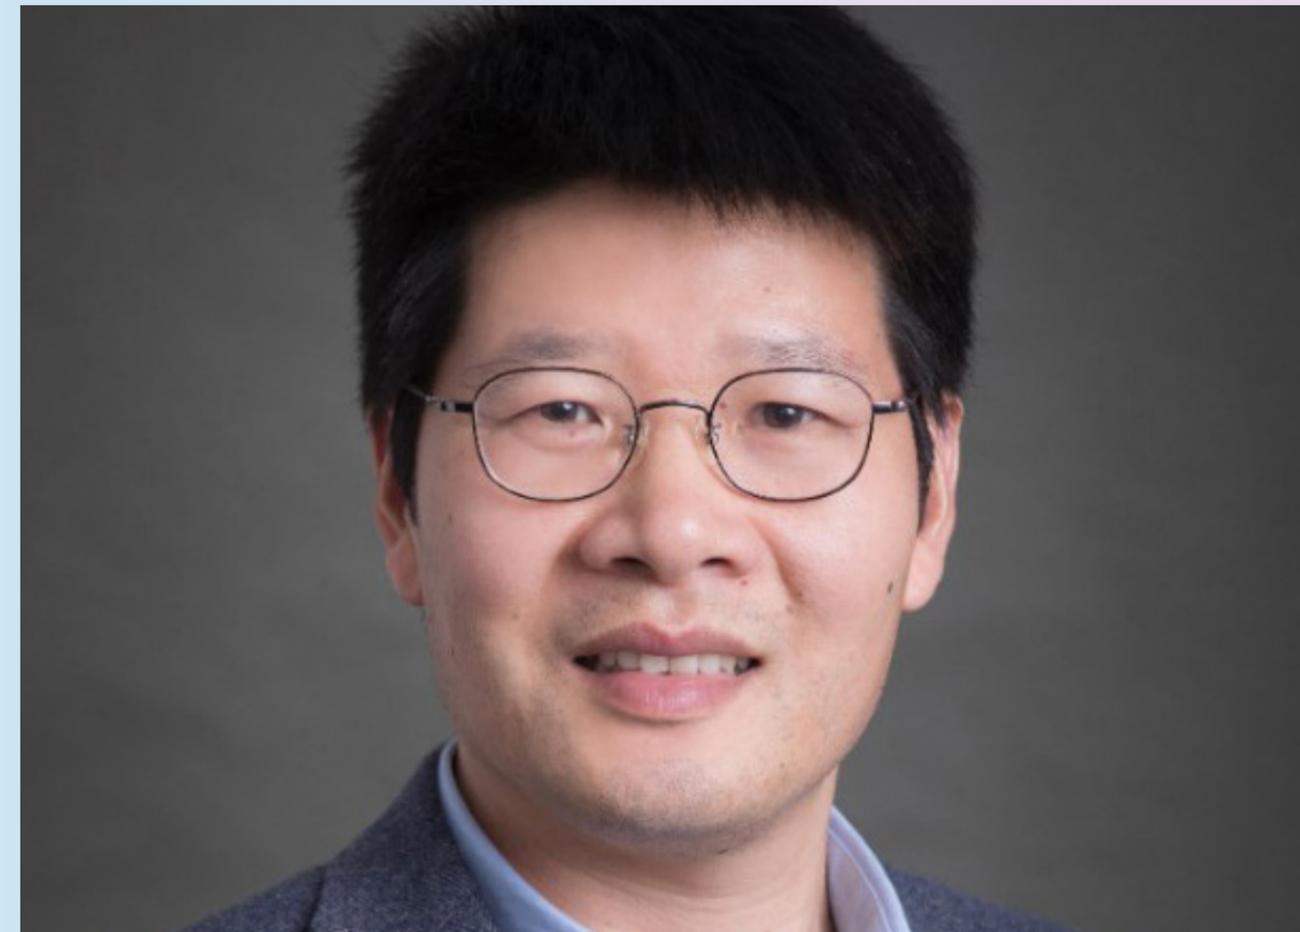

## PROFESSOR FEI MA

ASSOCIATE VICE PRESIDENT OF RESEARCH AND IMPACT

It is a great pleasure to witness the successful graduation of students from various academic departments. During your time at XJTLU, you have all put many efforts in learning and in earning this degree, you have gained solid knowledge of your discipline and acquired the problem solving competencies that will serve you well in the future. We have great hopes for your future careers and hope that you will always believe in yourself, in your talent and skills that have brought you to this special day.

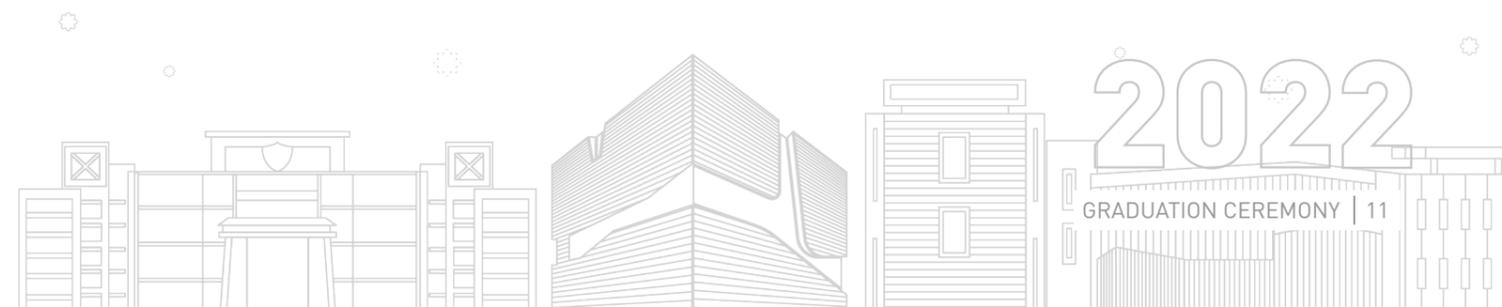

Graduation is a new beginning and you are well prepared to do impressive things. Congratulations on your graduation!

## PROFESSOR ZHOULIN RUAN

# THE XJTLU GRADUATION CEREMONY

The UK tradition of graduation can be traced back over 800 years. It is an important rite of passage: for the majority of UK students it marks the transition from education to employment, a time of new opportunities and greater responsibilities.

In common with UK tradition, the XJTLU ceremony commences with a procession of senior officers and academic staff. After opening speeches by both the Executive President of XJTLU and the Vice-Chancellor of the University of Liverpool (UoL), each graduands are presented for their degrees. When their names are called, the graduands walk onto stage, where the XJTLU Executive President moves the tassels on their mortarboards from right to left. Afterwards, they are congratulated by the President of XJTLU and school representatives. At the end of the ceremony, the platform party processes out of the hall, followed by the new graduates.

Academic dress is very important to graduation ceremonies. Academic dress typically consists of a robe, a hood, and a hat with a tassel. At XJTLU, students graduating from bachelor degrees wear square academic hats called 'mortarboards', a traditional UK-style robe and a Chinese-style hood in one of six colours. The colours signify the XJTLU awards which the students receive: pink for Bachelor of Arts; blue for Bachelor of Engineering; gold for Bachelor of Economics; silver-grey for Bachelor of Management; copper for Bachelor of Science; pink for Master of Arts, Blue for Master of Science and red for PhD.

## BACKGROUND MUSIC

**INTERNATIONAL BUSINESS  
SCHOOL SUZHOU**

## JORG BLEY, PROFESSOR

DEAN, INTERNATIONAL BUSINESS SCHOOL SUZHOU

Dear Graduates,

Congratulations on the successful completion of your degree programs. The day you have all been looking forward to, has finally arrived. I know it was not easy and you all worked very hard to get here. You successfully met not only academic challenges but adjusted quickly to Covid-19 induced changes to your curriculum, to the mode of delivery of your classes, and to the way you interact with faculty and peers.

Over the course of your program, you have acquired the knowledge and the skill sets you need to succeed in this dynamic and complex economic environment, be it here in China or in the international arena, and you have demonstrated your resilience in the face of adverse conditions.

So, go out into the world and claim your rightful place in society, be it in the corporate world, government organizations, or academia and take comfort in knowing that you have acquired the right tools to succeed. Whether you become an employee or an entrepreneur, it is important to not be afraid of failure. If it occurs, and it will, learn from it, embrace it and move on. In fact, without failure there is no true growth.

As you navigate through life, I urge you to never stop your pursuit of knowledge or be complacent in the face of mediocrity. Above all, never give up on your dreams.

You are now the youngest alumni of XJTLU's IBSS.

Thank you and Congratulations!
